

How to get Wi-Fi for you iPod

Lansten Yew

Hr.7

First, go to your home page on your iPod.

Now, press on the icon "Settings."

Press the Wi-Fi icon.

Turn the Wi-Fi on.

It will give you a variety of Wi-Fi networks.

It might ask you for a username and password. If you don't know it, ask an adult to help you. If you do, type it in.

When you have turned on you Wi-Fi, it will look like this. Now you have Wi-Fi.
